

Eco Mini Pro Power Bank 5,000mAh

Eco Mini Pro Power Bank

- Compact and ergonomic, this power bank is smaller than a standard smartphone and fits neatly into a pocket or bag. Made from Intertek certified recycled ABS plastic, you can be confident of gifting an environmentally responsible and genuinely useful power bank at your next trade show
- 5,000mAh battery gives plenty of power to charge a mobile phone
- With two output ports to charge devices simultaneously, it will be a valued gift
- It has both a micro-USB and USB-C input port to charge the power bank itself
- Customise with full colour digital print and spot colours.

Packaging

Standard Packaging

Standard packaging in a white card box

Custom Packaging

Standard packaging plus a custom sleeve. A full colour printed sleeve that wraps around the standard box, to allow customisation with logo and corporate messages.
