

Pro Power Bank

Pro Power Bank

- The Pro Power Bank is a powerful and stylish portable charger that comes in two different finishes, white or black. Ideal to promote key messages at an event or to prospects and clients
- With a 10,000mAh battery, the Pro Power Bank can fully charge multiple devices on a single charge
- The power bank itself is charged via a USB-C connection, and it has a dual USB output for charging two devices at once.
- A sleek shell can be printed onto in full digital colour, allowing for bold and attention-grabbing designs, perfect for complex or graduated logos.

Packaging

Standard Packaging

Standard packaging in a white card box

Custom Packaging

Standard packaging plus a custom sleeve. A full colour printed sleeve that wraps around the standard box, to allow customisation with logo and corporate messages.
