

Powerit-Now Power Bank

Powerit-Now Power Bank

- The Powerit-Now Power Bank can charge your phone or other device super-fast with its Quick Charge QC3.0
- You can also charge multiple devices at the same time, using its powerful 20W 10,000mAh battery and the micro USB and USB-C cables. There is an option to add a USB-C to lightning cable.
- Customise the entire power bank using full colour digital print and spot colours, giving you the option of creating an impactful branding message on a genuinely useful gift

Packaging

Standard Packaging

Standard packaging in a white card box

Custom Packaging

Standard packaging plus a custom sleeve. A full colour printed sleeve that wraps around the standard box, to allow customisation with logo and corporate messages.
