

Eco Pro Power Bank

Eco Pro Power Bank

- The Eco Pro Power Bank is our largest capacity power bank made of Intertek certified recycled ABS plastic. A powerful power bank that delivers eco credentials, ideal for client gifting and employee appreciation
- With a generous battery size of 10,000mAh, the Eco Pro 10000 Power Bank can fully charge multiple devices on a single charge
- It boasts two USB output ports to charge devices simultaneously and has both micro-USB and USB-C input to charge the power bank itself
- The recycled ABS plastic casing can be printed digitally with a full colour design

Packaging

Standard Packaging

Standard packaging in a white card box

Custom Packaging

Standard packaging plus a custom sleeve. A full colour printed sleeve that wraps around the standard box, to allow customisation with logo and corporate messages.
